**Women Everywhere Use Lemon Juice To Beautify Skin**  
The beauty lotion which is becoming so popular in this country is easily prepared by one, and a whole quart of it of it doesn't cost any more than a jar of the common, ordinary cold cream.

Take the juice of two fresh lemons to three ounces of orchard-white and shake well in a bottle. Strain the juice two or three times through a fine cloth so no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay for highly advertised, there is nothing else so effective as lemon juice for clearing the skin. As a soap and blanching remedy, it is softening and salubrious. Lemon juice has no rival. Massage it into the face, neck and arms once or twice each day, and just see if it doesn't bring out the roses and hidden beauty.

Lemons have always been used to bleach the skin, and lemon juice is too highly acid, therefore should never be used except in this manner.

If properly prepared, this sweet, fragrant lotion will speak for itself. Any drug store will supply the three ounces of orchard white at very little cost, and the grocer will supply the lemons.
